Coming In Early Fall 2000!

The Long-Anticipated Comprehensive Study of 1847 Issue Postal History

The United States 1847 Issue: A Cover Census

By Thomas J. Alexander

After years of detailed compilation from a huge range of sources—and following on the heels of the early census studies conducted by Creighton Hart and Susan McDonald—Tom Alexander has assembled this monumental study of the known covers of America's first issue of postage stamps. To be published in a large single volume by the U.S. Philatelic Classics Society, *The U.S. 1847 Issue: A Cover Census* is the first work of its kind ever assembled. No more important book on the 1847 issue has ever been compiled.

The work contains a detailed listing of nearly 13,000 covers bearing 1847 stamps, arranged by place of entry into the mail system. These places include 31 states, two territories, the District of Columbia, Choctaw Nation, railroad route agents, waterway route agents, Canada and Panama. Supplementary listings cover all recorded 10-cent bisects, 5-cent plus 10-cent combination covers, post-demonetization covers and covers to foreign destinations. A separate section discusses fake covers.

Commentary includes discussions of some of the problems faced by postmasters in dealing with the first issue of stamps. Characteristics of mail from each state and territory as well as those of many towns and cities are covered; mail to and from famous persons are noted as are large correspondences, both commercial and those sent to wives and girlfriends.
